Affiliate Tracking

When a web surfer clicks through your affiliate link, a cookie is set in their browser that contains your affiliate username. Also, their IP address is tracked in the database along with your affiliate name. When this person decides to buy a product, the script will look for this cookie and/or try to match their IP address to identify the affiliate who will be awarded the commission. Visitors sent through your affiliate link may make a purchase later in time and the commission will still be awarded if the cookie is present in their browser and/or they are using the same IP address as the one logged in the database.

Payment

We will pay you all your commissions via: PayPal or other means as we consider fit.

We will make the payments within 45 days of purchase. Because we provide our clients with a 30 days money back guarantee, and we want to be sure that we pay commissions on sales which have not been refunded.

Terms of the Agreement

These terms will begin upon your signup with the affiliate program and will end when your affiliate account is terminated. The terms of this agreement may be modified by Tooliers at any time. If any modification to the terms is unacceptable to you, your only choice is to terminate your affiliate account. Your continuing participation in the program will constitute your acceptance of any change.

We make no claim that the operation of the affiliate program and our website will be error-free and we will not be liable for any interruptions or errors.
